Event Traffic Controller Training Program Introduction

Dear Participants,

I would like to take this opportunity to welcome you to the Event Traffic Controller Training Program. This training program comprises of three nationally accredited units of competency through the Vocational Education and Training (VET) sector.
The Units of Competency for this training program are:

- RIIWHS205D Control traffic with stop-slow bat
- RIIWHS201D Work safely and follow WHS policies and procedures
- RIICOM201D Communicate in the workplace

Training Program Requirements. Pre – Workshop.
Please obtain a **Unique Student Identifier (USI)** (if you do not already have one.) This is a Government requirement for people undertaking study within the Vocational Education Sector (VET).
The requirements of this Training Program are outlined within the Video Introduction on this drive.

Training Program Requirements. Post Workshop.
Each participant will be required to be observed by a mentor within an *on the job environment* for no more than 30 minutes.

What to bring to the workshop:

- Driver's License / Photo identification
- Writing material for notes and completion of assessments
- Clothes/hat to suit the weather conditions. Practicals will be conducted outside.

What will be supplied during the workshop:

- Morning tea
- Lunch
- Afternoon Tea
- Assessment material
- Equipment for assessments

Please notify me via text or email with any special dietary requests for the day.
Please note: There is space available within the training room for storage of bikes.

If you have any questions or enquiries please do not hesitate to contact me:
